ONE POINT. EVERY SOLUTION.

One point of contact to coordinate all your vessel's operational needs.

**One Contact. Seamless Coordination.
Comprehensive Support.**

More Than a Port Agent. Your Operational Partner.

We coordinate communication between the vessel, the Owner or Technical Manager, port authorities, suppliers, and local logistics providers.

We stay involved until every request is fully resolved.

The Way We Operate

We turn our service-driven mindset into compelling reasons to choose AnchorPoint.

Owner & Technical

Partnerships

Integrated Services

We offer six core service areas that can be provided individually or combined under a single operational coordination framework.

Vessel Support

Timely assistance in port and at anchorage to ensure seamless operations.

Crew Solutions

Crew welfare, transportation, and personalized assistance at every port call.

Spare Parts & Logistics

Efficient management of genuine spare parts and global logistics solutions.

Supplies & Provisions

Reliable supply of provisions, consumables, and essential items.

Technical Services

Qualified personnel and support for maintenance, inspections, and repairs.

Compliance & Surveys

Assistance with regulatory requirements, inspections, and surveys.

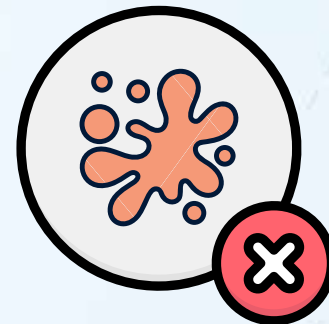

Highly Trained Team

At Fumigation and General Maintenance, we have a team of highly trained pest control specialists dedicated to delivering exceptional service. We use advanced technology and highly effective products to ensure:

Odor-Free

Our products do not produce unpleasant odors.

Stain-Free

Our products do not stain surfaces or fabrics.

Allergy-Free

Our products do not cause allergic reactions in people or pets.

Our Services

We provide comprehensive pest control solutions. Our services address a wide range of pest threats, including crawling and flying insects, rodents, snakes, and other unwanted pests. We are committed to protecting your environment with the highest standards of effectiveness and safety.
